#### Description

Pasternack's PE6127 connector dust cap has a BNC interface and a male gender. Our BNC male dust cap is a shorting design with a nickel plated body to ensure durability. The Pasternack shorting BNC connector cap comes with a 4 inch chain and is part of over 40,000 RF, microwave and millimeter wave products that ship the same day.

RF connector dust caps are essential for precision connectors, protecting them from dust, corrosion and potential damage especially to test and measurement equipment. Specific RF connector cap models come with a chain to prevent loss or misplacement. Internal short connector cap versions are available to protect equipment from a spike in current caused by electrostatic discharge (ESD).
